1) Pride® FDA Class II Medical Devices are designed to aid individuals with mobility impairments.
 2) Tested in accordance with ANSI/RESNA, MC Vol2, Section 4 & ISO 7176-4 standards. Results derived from theoretical calculations based on battery specifications and drive system performance. Test conducted at maximum weight capacity.
 3) Due to manufacturing tolerances and continual product improvement, this specification can be subject to a variance of (+ or -) 3%.
 4) Lithium-ion battery is subject to federal regulations and airline policy. Consult airline prior to flight.
 5) Not all accessories are available for all models.

6) Varies with user weight, terrain type, battery amp-hour (AH), battery charge, battery condition, and tire condition. This can be subject to a variance of (+ or -) 10%.
 7) Red and blue interchangeable shroud panels on the GO GO® LX with CTS are standard. Orion Yellow, Onyx Black, Pearl Pink, and Sunburst Orange shroud panels are optional.
 8) 16AH MAXX battery pack is not airline compliant.
 9) DME suppliers are responsible for determining appropriate billing codes when submitting for insurance reimbursement. HCPCS codes should not be considered as legal advice and do not guarantee reimbursement. Payer coding, coverage, and bundling guidelines may apply.
